### EXAMINER'S AMENDMENT

1. An **examiner's amendment** to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

**In the abstract:**

- Delete line 15.

2. The following is an examiner's statement of **reasons for allowance**: the art of record does not teach or render obvious a safety device including a sheath portion including first and second legs where the legs are movable from a first position in which the distal ends of the legs are spaced from a needle receiving portion a first to a second distance position in which the distal ends of the legs are spaced from the needle receiving portion a second distance wherein the first distance is greater than the second distance, or wherein a sheath portion is movable from an extended position in which the legs shield a distal end of the needle positioned within a needle receiving portion to a primed position in response to movement of a trigger into engagement with the legs, wherein a longitudinal force acting on the distal end of the sheath portion urges the sheath portion to a retracted position in which the distal end of the needle is exposed, all in combination with the elements set forth in the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
